Dear Parent,

My vision for the school is to ensure that all students under our care flourish both academically and socially, much beyond their personal expectations and prior attainments. I sincerely believe that they are entitled to the experience of an outstanding and enjoyable education. While they should be able to sustain the life of their choice they should also continue to make a positive contribution to their communities.

This ambitious vision can be achieved both through promoting pedagogical excellence as well as by fostering high standards of behaviour, life skills and an entrepreneurial spirit in all our students. These are the life lessons that will hold them in good stead once they leave the portals of The Scindia School. To strengthen our efforts towards achieving this vision we have identified two professionals with vast experience in the areas of academics and pastoral care.
